The LumeGen LED 5-Head Temporary Work String Light is an affordable and efficient temporary lighting solution for work sites indoor or outdoors. Replacing traditional lamped string lights, these integrated LED heads are impact resistant and long lasting, rated to last up to 50,000 hours of operation. These temporary work lights are easy to install, simply plug into an outlet and can daisy chain link up to 6 total sets. Each compact LED head produces 1200 lumens at 5000K daylight color temperature with 10-feet of space between each LED head.

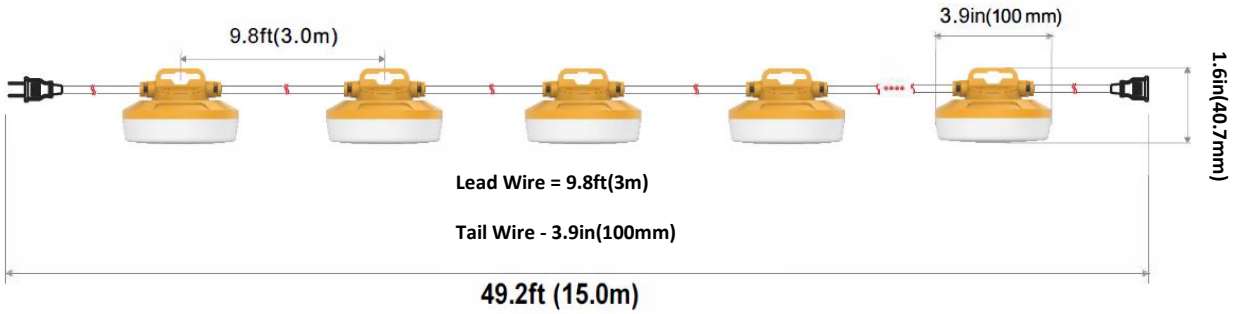

Product Features

- **Color Temperature:** 5000K Daylight
- **Wattage:** 50W
- **Lumens:** 1200 Lumens per head
- **Housing Construction:** PC
- **Optical Lens:** Frosted PC
- **LED Brand:** Lumiled
- **Beam Angle:** 360°
- **LED Life Hours:** Rated to last 50,000 hours
- **Power:** Plug in 120V, 60Hz
- **Cord:** Injection molded cover with 18AWG
- **Power Factor (PF):** > 0.9
- **Total Harmonic Distortion (THD):** <20%
- **Color Rendering Index (CRI):** >80
- **Operating Temperature:** 5°F ~ 113°F (-15°C ~ 45°C)
- **Warranty:** 5 year warranty.

Safety & Performance Listings

- UL listed
- Complies with RoHS requirements.
- IP65 Rated (LED Lamp Head)

Dimension Drawing

Link up to 6 sets via end outlet.
